

”英語での異文化間コミュニケーション入門”の講座紹介

“The introduction to Intercultural
Communication with English” class

Teacher: Mr. Tesfaye Gelaye (Ceramic Artist)

I'm very happy to introduce our English Class, because I've had always a good time in it.

Of course, English is a foreign language for Japanese.
But the subjects in the class are about things that we think and feel ourselves daily work as Japanese.

Mr. Gelaye, our English teacher asks us how you spent last week.

We explain ourselves in English and Japanese.

First, the things that think in Japanese are about Japanese cultural life.

Next, the things that convey in English are just like to become “The introduction to Intercultural Communication with English”.

1. Step by step. (一歩ずつ、徐々に)

2. Let's enjoy!

3. Experience is the best teacher. (経験は最良の教師である)

Our purpose is to be the listener and the speaker in English.
Let's join this English Class.
